- 240V socket (except Cromer)
- Fridge (except Cromer which has a coolbox)
- Pillows
- Kettle
- Stove
- Water storage bottle
- Washing up kit

What should you bring?

Sleeping bags	For summer, cheap sleeping bags are fine, for May, sometimes June and late August an extra blanket or a slightly better 2 season sleeping bag will keep you warm if the evenings are cold.
Pillow Cases	You can order our bedding pack which includes freshly laundered pillow cases and a new sleeping bag.
Torch	Handy and fun for kids but not essential. The tents have lighting.
The right clothes	Although some campsites have laundry facilities do you want to spend your holiday in one of them? Bring a range of clothing for a range of weather – plenty of socks for children who tent to walk around in them and get wet feet. Goggles are light weight, wind and rainproof without being heavy and hot.
Batteries	Any torches, gadgets etc tend to be left on by children, so bring extras.
Food	Campsite shops have a limited supply at a higher cost than a supermarket.
Insect repellent	Sometimes necessary, depending on lot of factors including the weather.
Suncream / Aftersun	If you are on an outside holiday protection from the hot sun is essential, a hat is also a good idea.
Flip flops or slip on shoes	For easy living, showers and the beach.
Towels	More than a towel each. One for the beach, one for the shower.
Wash Bag	Shampoo, toothpaste, soap etc
First Aid Kit	
Beach Bag / Carrier Bag	Handy for days out

What we Provide for Cyclists when you hire a Bike

- Lock
- Helmet
- Map Holder
- Puncture Repair Kit
